Dear parents,

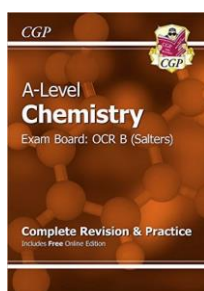

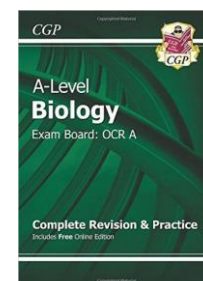

### Science support material for AS and A Level

We would like to offer students the opportunity to buy an in-depth revision book to help with their preparation for the AS and A Level examinations in Biology, Chemistry and Physics. The revision guides contain all the content for both the AS and A level course. Every topic is clearly explained with straightforward revision notes, helpful examples and full-colour diagrams. There are also practice questions and exam-style questions (with answers) throughout the book, plus plenty of in-depth advice on how to score top marks in the exams and practical assessments. You can also use the code printed inside the book to access a free Online Edition.

Please use the links below for more details about the books and the link to Amazon should you wish to purchase independently.
